Wouter Witzel introduces

# LIGHTWEIGHT BUTTERFLY VALVE EVS-ALU

**CENTRIC BUTTERFLY VALVE IN LIGHTWEIGHT MATERIALS**

ISO 5211 Actuator mounting pad

Cast Aluminium Alloy body

Vulcanized elastomer seat vacuum proof  
low operation torque high frequency of operation

Lightweight components

*always there when you need us!*

**NEW**

## LIGHTWEIGHT BUTTERFLY VALVE EVS-ALU

### Other advantages

- Anodized body, guarantees a high corrosion resistance and scratch proof
- Body material Cast Aluminium Alloy (EN AC-42100)
- Easy installation (integrated flange gasket)
- Bi-directional tight shut off (TSO)
- Available in Wafer type
- DN 40 (1.5") - 300 (12"), bar rated
- Average weight saving 50%, compared to cast iron valves
